ISRI, the Institute of Scrap Recycling Industries, is the non-profit trade association of the scrap processing and recycling industry, representing more than 1,350 private, for-profit companies that process, broker and industrially consume scrap commodities including metals, paper, plastics, glass, rubber and textiles. Suppliers of equipment and services to this industry complete ISRI's membership. A primary association objective is to bring about a greater awareness of the industry's role in conserving the future through recycling and in increasing recycling by supporting Design for Recycling®.
